

Pupil Parliament

January 2026

COMMUNITY COUNCIL

We have invited in members of the community to help with our 'Be Happy, Be Healthy' week - they will be running various talks and workshops with children from across the school. We will be putting on a thank you event after this takes place. We will also be organising a village wide event for World Book Day - more to come!

CHILDREN COUNCIL

The toilets have been renovated (including the hand dryers we researched and requested) and we delivered a 'Happy Toilet Campaign' worship to the whole school to show everyone how to use them correctly.

Our JRSOs are creating some lessons for Be Happy Be Healthy about scooter safety.

LEARNING COUNCIL

We have been busy continuing to create the child-friendly learning powers for Mission of the Month.

WELLBEING COUNCIL

We are designing and creating a 'switch off' event for Be Happy Be Healthy week - this is a wellbeing circuit around the school and every child will be able to take part.

WORSHIP COUNCIL

We are building a 'cross' to celebrate worship and worship tables across the school.

DIVERSITY COUNCIL

We have been collecting pupil voice from the whole school ready for our next EARA meeting which is taking place in February.

SPORT COUNCIL

We are designing and creating a whole school skipping challenge for Be Happy Be Healthy week which will be a great chance for children to try out and learn a new sporting skill.

Playleading continues to be very successful.

ECO COUNCIL

We have written a letter to Mr Geraghty regarding moving the rose bush to the back of the school and replacing it with flowers in our house colours.
